

REPUBLIC OF ALBANIA
MINISTRY OF HEALTH
DRUG PRICING COMMISSION

No 6311 Prot

Tirana on 27/11 2014

To: **MARKETING AUTHORIZATION HOLDER**

Subject: **Information on the issues regarding declaration of the price of medicines for 2015 in the Republic of Albania.**

Drug Pricing Commission at the Ministry of Health, in its meeting dated 04.10.2014, found that drug price disclosure is not made in accordance with law no. 105/2014 "On medicines and pharmaceutical services", as well as the DCM No. 645 dated 01.10. 2014 "On the establishment and functioning of the Drug Pricing Commission", section 4, where it states that,

"Declaring the price should be according to the form attached to this Decision. It must be original, signed and stamped by the marketing authorization holder. Otherwise, the statement will be considered invalid and will not be considered by the Commission. "

We note that the Company and your representatives have had enough time to declare and minority CIF prices according to the form published on the official website of the Ministry of Health:

Being aware of these conditions, we seek your commitment to provide a prompt solution to this situation.

Thank you for your cooperation.
