About us

Como is a company which producing materials for the mattress and furniture industry with experience of **20 years**. We are producing felts and other wadding products for the mattresses, sofas and furniture in general.
Since 1996, when we first started exporting, we have made ourselves known throughout Europe and beyond, by introducing our line of products in both domestic as well as European and international markets.
Como is a member of the Greek International Business Association (SEVE) and participates in international exhibitions, thus further consolidating and solidifying its strong presence in the global mattress and furniture industry.
